### ***About Happy Tails***

My name is Jenny, and I live in Camberley, Surrey with my family and various animals, including George & William. I offer your dogs a comfortable family home, where they get the full run of the house, a secure 6ft fenced garden, and plenty of fun, activity and affection....just as at 'home'....even Sunday roast (if allowed?)

I have excellent walking facilities within minutes of my home including a lovely sociable doggy park and superb wooded walks. Instructions as to on/off lead etc will be meticulously followed. They will get ample playtime in the garden with the children if weather and you allow.

I am equally familiar with younger or older dogs and will administer any medication if necessary, or particular need or routine. All I ask is you provide me with their food, treats, toys, bedding and medication, which will make them, feel totally and fully at 'home'.

Why not drop in for coffee and biscuits to discuss and view my garden and home? We would love to meet you and the dogs.

---

### ***Important Information***

I have full public liability insurance, but would recommend you have your own. I have a local vet, which I would use in an emergency, but for more routine treatment would be prepared to use your vet, if you provide me with the suitable details. I am unfortunately only prepared to home board or offer day care to friendly sociable dogs due to the fact they will be integrated into my home.

The owner before boarding must provide all medical or behavioural instructions. Please inform us as soon as possible for any changes or cancellations and we will do our best to accommodate these. Booking early is advised as obviously the peak holiday periods are more in demand.

---
